SUMMARY

Results-driven Software Developer with a Bachelor's degree in Software Engineering and 1+ year of experience building production-grade enterprise web applications. Strong hands-on expertise in JavaScript, TypeScript, React, NodeJS, Next.js, and Redux, with experience integrating RESTful APIs. Solid understanding of AWS & Docker with Cloud Solutions, state management, responsive design, and microservice architecture. Proven team player in Scrum-based Agile environments, delivering high-quality software aligned with Quality Engineering practices.

WORK EXPERIENCE

Associate Frontend Developer

December 2025 - Present

Acentura Inc

- Developed responsive scalable applications using ReactJS, NextJS, Redux with TypeScript.
- Conducted code reviews, mentorship, and technical guidance for junior developers to maintain code quality and improve team productivity.
- Experienced with Docker, Git best practices, Agile (Scrum), and CI/CD pipelines for reliable deployments.

Trainee Software Engineer

June 2025 - December 2025

Acentura Inc

- Designed and developed frontend scalable applications using NodeJS, React.js, Redux with Typescript.
- Built large-scale systems using micro-frontend & micro-service architecture, deploy serverless backend with AWS and maintainable solutions aligned with business goals.
- Modernized frontend applications by upgrading React (Vite) versions, fixing deprecated packages, and supporting the migration of legacy Angular applications to React

Intern Software Engineer

October 2024 - June 2025

Active Digital Labs

- Developed responsive full-stack applications using NodeJS, React, Redux & Tailwind CSS.
- Integrated RESTful API while applying responsive design principles and optimizing browser rendering for high-performance, efficient web applications
- An entry-level front-end role involving code reviews, technical discussions, and debugging support.

EDUCATION

B.Sc.(Hons) in Information Technology (Specializing in Software Engineering)

2021 – 2025

Sri Lanka Institute of Information Technology (SLIIT)

PROJECTS

Nenasa - NodeJS, React , Redux Toolkit , TypeScript , AWS, Docker, Microservice

- Developed a scalable Learning Management System (LMS) using the MERN stack, implementing role-based authentication for secure access control across multiple user roles.
- Integrated Stripe payment gateway and an AI-powered lecture slide-based Q&A chatbot to enhance learning experience and automate student support.
- Deployed the application on AWS using Docker-based containerization, following a microservices architecture for improved scalability, reliability, and maintainability.

BrewOne - NextJS , Redux Toolkit , TypeScript , MaterialUI , Redux Saga

- Built with Next.js to manage end-to-end tea supply chain operations.
- Implements Tea Board reporting, approval workflows, and shipment tracking to ensure regulatory compliance and transparent delivery management.
- Streamlines the complete tea lifecycle, including cataloguing, blending, ordering, and packing, to ensure smooth and efficient operational flow.

Olympus - React , Redux Toolkit , TypeScript , MaterialUI , Redux Logger, AWS Amplify

- Built an admin portal to manage end-to-end software company operations from a single platform.
- Handles CRUD management of company assets, employees, resignations, and organizational structures (SBUs, teams, clients).
- Implements role-based access control with entitlements and integrated leave calculation & management.
- Supports hierarchical project assignment and employee mapping across teams, SBUs, and clients.

TECHNICAL SKILLS

- | | |
|----------------------------------|--|
| • Languages | - JavaScript |
| • Full-Stack Technologies | - ReactJS, NodeJS, NextJS, MaterialUI, Redux Toolkit, Redux Saga |
| • Cloud Technologies | - AWS, Docker, Github Actions, Vercel |
| • Testing | - Cypress, Jest |
| • Version Control | - Git (Github, Bitbucket) |
| • Others | - RESTful APIs, Microservices, Agile, Scrum, MicroFrontend, Machine Learning , AI Integration, AI/ML |

AWARDS

SLIIT Bashway Coding Challenge
(1st Runner-up)

2023
